Hour Glass 1968

Anniston High School

Anniston, Alabama

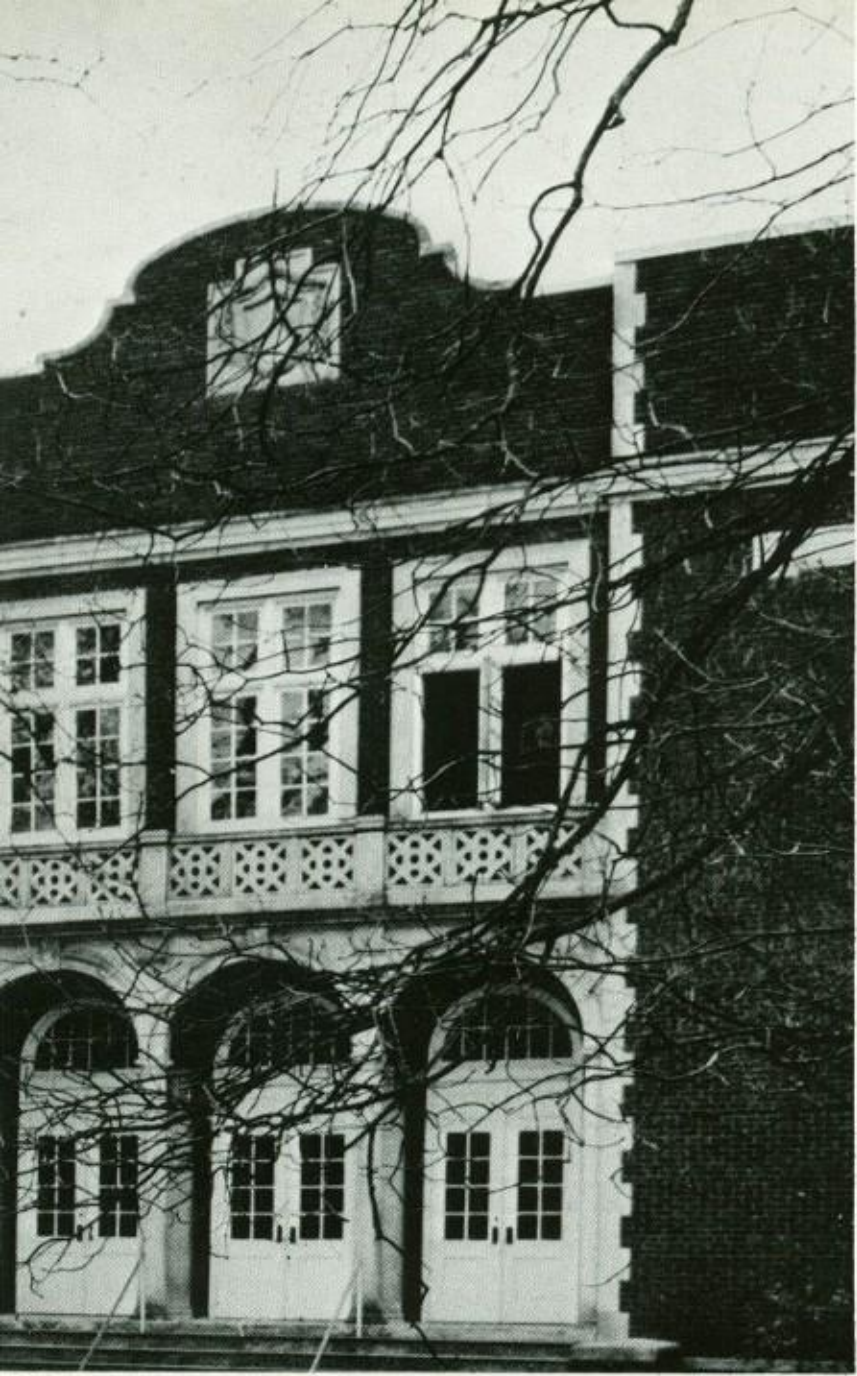

Editor . . . Ann Mintz
Business Manager . . . Susan Nuckolls
Advisor . . . Mrs. Peggy Truitt

A.H.S. dear Alma Mater,
Listen while we sing,
To thy feet with deep devotion,
Grateful hearts we bring.

Though our paths of life may sever,
Though we wander far,
Still our hearts are turning ever,
Where dear memories are.

Steadfast, loyal, ever true,
Through all the years to be,
Thus we sing our hearts allegiance,
A.H.S. to thee.

1968 Hour Glass Dedication
Miss Lucile Fuller

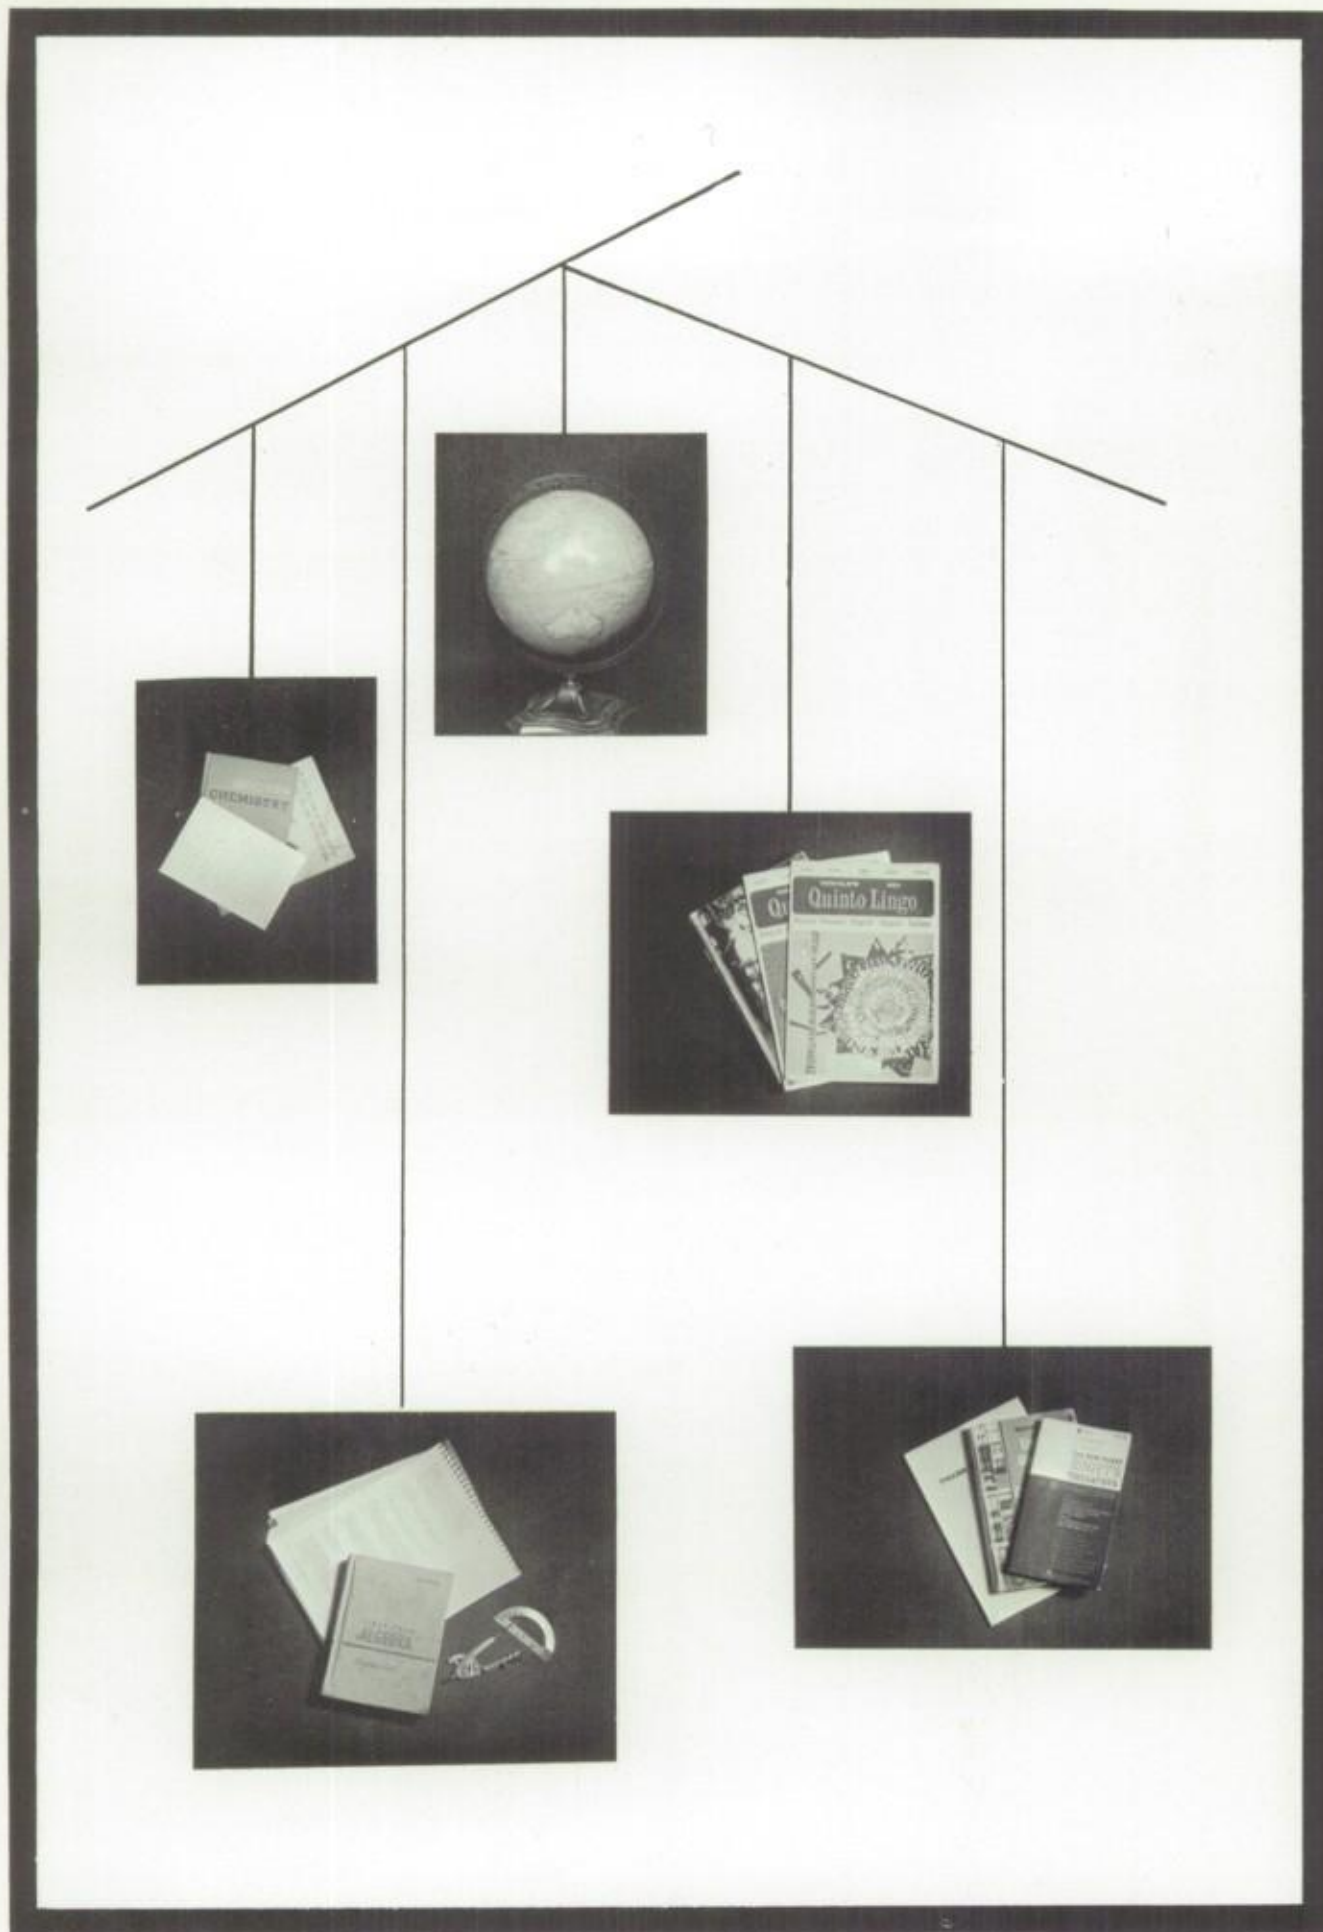

It is an honor and a pleasure to dedicate the 1968 Hour Glass to one who has contributed much to our school, Miss Lucile Fuller. For many years, Miss Fuller has taught English at Anniston High. She has also taken an active part in our school's activities, as Miss Fuller is an enthusiastic supporter of our athletic program.

It is with deep feelings that this dedication should be given to Miss Fuller. She has faithfully served the Hour Glass as sponsor for twenty-five years. This is a great contribution, and we are indebted to her for her help, advice, work, and interest.

It is our hope that through this dedication we will show on behalf of the student body, our gratitude, appreciation, and admiration for her unselfish work and inspiration in the school.

For her many accomplishments as a teacher, advisor, and friend, we respectfully dedicate the 1968 Hour Glass to Miss Lucile Fuller.

Teachers College, Columbia U., Ed. D.

The administration of our school system is one of the finest and widely recognized in our country. The many people working in the system are concerned with all the students of Anniston High. They have invested thousands of dollars on a complicated computer system which analyzes each student's choice of subjects. The administration has many specialized departments all working to better our school system.

Anniston High School

In recent years Anniston High has gained state and national recognition for its innovations in curriculum and instruction.

Our accomplishments and recognition can be attributed to a progressive and forward thinking Board of Education; a lay citizenry that demands the best educational program for its boys and girls; a dedicated staff of teachers; and an excellent student body.

The success of any high school depends largely upon the attitude of its students. We at Anniston High School are most fortunate in having a student body who takes pride in themselves; a student body who is motivated to take advantage of the many opportunities offered through our instructional program.

The future success and accomplishments of Anniston High School will depend largely upon its student body. We face the future with confidence - our students want and demand the best - for they are the best.

Miss Ordway instructing her Senior English Class.

The English Department has grown extensively this year with the addition of the ninth grade.

The innovations begun in previous years have been continued and expanded. Large group instruction in the area designated as the English Commons is very satisfactory. Individualized instruction, team teaching, the use of programmed grammar materials, and pilot classes in the study of linguistics are some of the innovations being carried on.

New units of study are introduced in the commons to large groups by means of lectures, audio-visual aids such as films, recordings, acetates, and overhead projectors.

An advanced placement class in English has been taught for the past two years. This class enables students who qualify to obtain college credit in first year English at certain specified colleges.

Study carrels may be used in the commons by students who may have been absent when audio-visual materials were presented to the classes in the commons.

The English Department is attempting to meet the needs of all of the students. The program has been greatly enriched by the addition of new materials of various kinds.

The science department offers a variety of courses--courses which deal with living things and also courses which pertain to the physical aspects of life.

Physiology is a branch of the biological sciences. Biology is a prerequisite for physiology which is chiefly concerned with the structure and function of the human body.

Chemistry is the science which deals with the make-up of matter and the physical and chemical changes which matter may undergo. Problem-solving is an important aspect of chemistry.

Physics is the study of matter and energy. This course explains the "how" and "why" of the other science courses. This course is also strongly oriented to mathematics.

Advanced general science is taught primarily for those students who wish to take another year of science but who do not want to take either physics or chemistry.

Also included in the curriculum this year is ninth grade science which deals with matter, the make-up of matter, energy, and other physical aspects of science.

The Social Studies Department includes civics, Alabama History, world history, American History, government, economics, and communism.

Team-teaching is used to give students information from more than one teacher. The Social Studies Commons is used for lectures to large groups of students and to show filmstrips concerning the subject being studied. An overhead projector is used to show transparencies.

Study guides follow the textbook adding additional information. Other study sheets give further enrichment of the units.

All history and current events are closely co-ordinated in this study. Small student discussion groups are in use. Most teachers require a book report once a month pertaining to something they are studying in their course.

The Anniston High School Mathematics Department offers courses ranging from seventh grade math through Calculus II. A wide variety of materials and teaching methods and procedures are used in an attempt to provide for individual differences and to meet the needs of each student. There are seven full-time teachers and one part-time teacher in the department.

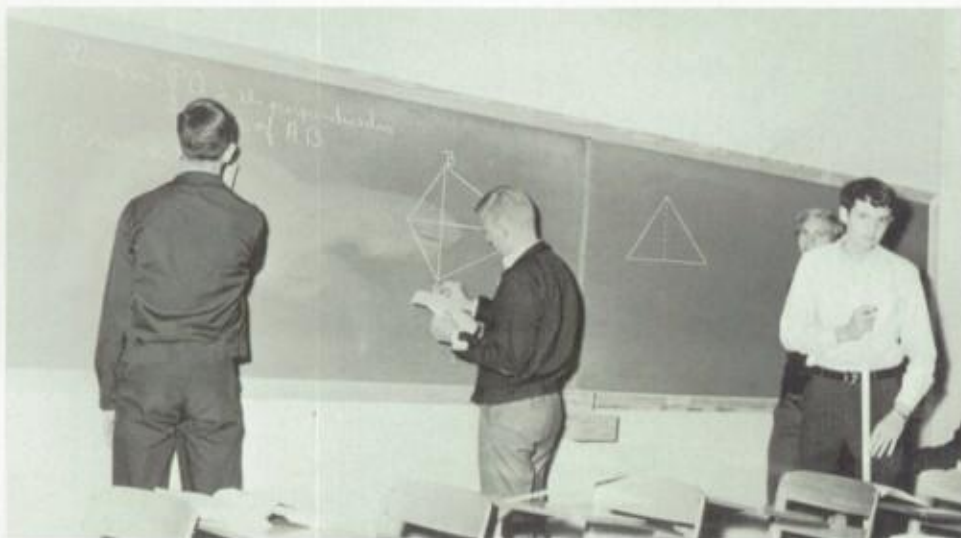

The basic math courses are programmed courses which, with the aid of study guides, permit students to progress at their own rate.

In Algebra I and Algebra II the student may elect either a programmed course or a course through which he is paced. These paced courses have basic concepts presented to large groups by team teaching and the large group instruction is followed by a break-down into small groups, where individuals can get the help they need.

All geometry is taught on a paced basis, with large and small group instruction. The advanced senior courses are entirely programmed. This allows a course to be taught if only one person elects it.

Language Department

Foreign languages are taught so that we may become better acquainted with all peoples of the world. We have many close neighbors who speak French and Spanish. We feel that we actually understand the people of other lands better after we study their customs and their language. Some of us may actually work and live in French or Spanish speaking countries. All of us will certainly have more contact with people of other countries than there has ever been before.

Our language laboratory helps us to speak more easily and more correctly since we practice frequently with native voices. Tapes, records, and sometimes films are used to increase our knowledge of the language and the country's customs.

Vocational, Industrial,

The Vocational and Industrial Arts Departments include many courses.

Students enrolled in the Business and Office Education, Distributive Education, and Vocational Industrial Education courses attend classes until 1:05 p.m. each day. Students must work a minimum of 15 hours and a maximum of 25 hours per week in on-the-job training situations. Supervisors are assigned to these students at the different training stations who confer regularly with the coordinators on the progress of each student. Students are required to maintain passing grades each six weeks-period and are not allowed to go to their work stations if they did not attend school that particular day.

Students enrolled in driver education, home economics, machine shop, mechanical drawing and radio and electricity are not co-op students. All instruction in these courses is given at school by the instructors; however, many of the courses are in definite training for future careers.

Physical Education

Physical fitness is the basis for the Physical Education program. Both boys and girls are given the youth fitness test several times a year.

In P.E. classes, students learn how to exercise their bodies to obtain better co-ordination and physical fitness.

Girls have an opportunity to participate on a track and field team, volleyball team, and intramural teams. The girls classes include such things as volleyball, tumbling, track and field, soccer, recreational games, basketball, archery, health and first aid.

The boys classes participate in many of the same sports as the girls. They also include in their program, touch football, rope climbing, and fitness exercises.

Business Education

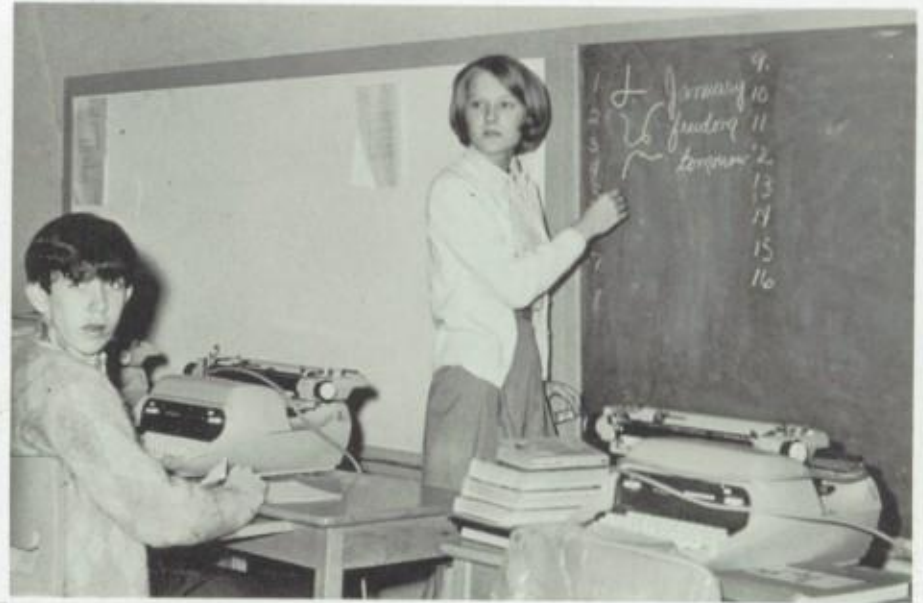

The Business Education Department has moved to the Quintard Annex this year. Two typing rooms have been set up in Quonset huts and are very attractive and comfortable.

Several new teachers have been added. They are: Mrs. Caldwell, who teaches personal typing, business math, general business, and business communications; Mrs. Katie Johnson who teaches Typing I; and Mr. Albright who has the general business and business law.

Other subjects taught are bookkeeping, Shorthand I and II, and Typing II.

Many business students are active in two clubs that deal with business fields. They are the Future Business Leaders of America and The Future Secretaries Association.

This is a very active and important department in our school, and about one half of our student body is enrolled in one or more of its subjects.

Classes in Business Education are learning how to take shorthand.

Guidance Department

The Guidance Department has been able to offer more services to students by increasing personnel and the use of the computer in making schedules.

Counselors assist students in making long range vocational and educational plans through interpretation of ability, aptitude and achievement tests and group conferences. Speakers, films, books, pamphlets on personal and academic problems have been provided for students.

Anytime during the year, appointments can be made with any of the guidance counselors, and they will try to help you with any of your problems.

The fine arts department includes the band, the robed choir, art, speech, and drama.

The main purpose of the speech department is to create a better understanding of platform techniques. In debate, the student learns to express clearly his ideas and thoughts.

This year in the art department, the students are undergoing a comprehensive study of the fundamentals of art.

Another section of the fine arts department is the A. H. S. Band. It has excelled in producing fine musicians. They have been given the honor of attending the Cherry Blossom Festival in Washington, D.C.

The robed choir provides another opportunity for students to participate in the music program.

Extended School Day Program

All instruction of the Extended School Day Program is on an individualized basis. This type of program allows each student the opportunity to begin where he is academically and to move forward through his program of studies at his own rate of speed. Where possible, the instructional program will utilize programmed materials and/or study guides prepared by the teacher. Instruction is offered in the basic subjects of mathematics, science, English, and social studies, as well as specialized subjects.

An Adult Basic Education program is also provided. This program gives people eighteen years or older an opportunity to finish the eighth grade without charge.

JACKETS STUN BULLDOGS

Opening night for the Bulldogs turned out to be a night of horrors as they came out on the short end of a 43 to 0 score. With a total offense of 427 yards, Oxford walked away from the new Memorial Stadium with a victory over a young and inexperienced Bulldog eleven. Not for one second of the entire game did the spirit of A. H. S. fall.

AGGIES HEX BULLDOGS

The Bulldogs, showing much improvement, suffered their second defeat of the 1967 season by a slim 14 to 6. In the first quarter the Bulldogs grabbed an Albertville fumble but were unable to get a first down and punted. Midway of the second quarter the Bulldogs began to show their stuff and they romped from the Aggie 45 to the 25 yard line. Two plays later Anniston was caught with only 19 yards to go. The next play, Horton ran in for the first A. H. S. touchdown of the season. The halftime score was 7 to 6. In the second half Albertville's defense tightened, and the Bulldogs were held by a tight reign.

BLUE DEVILS STICK BULLDOGS

Anniston outplayed the visiting Blue Devils in the first half as far as statistics go. The Bulldogs offense rolled up a total of 241 yards while holding Etowah to 114, of which only nine came on the ground. But things changed in the second half as Etowah found the weak spots in the Anniston defense.

Defensive standouts for the Bulldogs included: William Waldrep, Joe Ballard, Bill Reid, and Bob Cofield. In offense: Johnny Dryden, Ricky Pate, and Larry Gilchrist.

TIGERS TRICK BULLDOGS

Anniston's inability to turn three Bessemer mistakes into touchdowns proved costly as the Tigers claimed a 12 to 0 victory over a determined Bulldog team. Bad times hit Anniston as the Tigers put together two sustained drives of 65 and 63 yards against the stiff Anniston defense. Defensive stoundouts for the Bulldogs included: William Waldrep, Glenn Garner, Ken Poole, and Johnny Dryden. Bobby Kay was the Bulldogs' leading rusher for the night with 30 yards in 10 carries. Ken Roberson was next with 21 in 7 trips.

REBELS UPSET BULLDOGS

Three fumbles inside the Emma Sansom 20 yard line and a total of 115 yards penalized were the bad breaks that lost the Anniston vs. Emma Sansom game.

The first half proved to be defensive with a 0 to 0 tie at halftime. In the third quarter, the Bulldogs romped past the Rebels for their only touchdown of the night, but the final score came out Emma Sansom 18 and Bulldogs 6.

TIGERS TAME BULLDOGS

Heavily-favored Gadsden, held to a 6 to 0 lead by a gutty Anniston football team, exploded for three touchdowns in the second half here at Memorial Stadium to hand the Bulldogs their sixth consecutive loss of the season, 25 to 6. The Tigers applied constant pressure to the rugged Bulldog defense through the night. It was not until the second half that a tired Bulldog defense sprung some leaks.

BULLDOGS FIND BIRDS TASTY

The Anniston Bulldogs got their first taste of victory by defeating a strong Jacksonville team with a score of 21 to 14. The Bulldogs came onto the field primed for the battle. The first half proved this when Horton on the first play threw the bomb to wingback Roy Mullendore who took it to the one yard line. Waldo dove over for the score, and Don Johnson made the point. In the second half, they opened up with two drives of 72 and 80 yards bringing home the victory for Anniston.

TIGERS FEEL DOGBITE

Anniston had something going. That something was a football team that shook off a knockout punch in the third quarter and came swinging wildly back for a 15 to 13 upset over arch-rival Talladega. Down by a 13 to 3 count with just over a quarter to play, the Bulldogs slapped a touchdown across in the third quarter, and added another in the final period to go with a 27-yard field goal in the opening quarter.

Outstanding players for the game were: William Waldrep, Billy Almon, Joe Ballard, Don Johnson, Guy Horton, Ken Roberson, Glenn Garner, Larry Gilchrist, Johnny Dryden, Bill Reid, and Fred Chapman.

ALLEYCATS SCRATCH BULLDOGS

After a shaky beginning that saw the Panthers capitalize on a Bulldog fumble, the Bulldogs roared back barking driving deep into Wellborn territory twice before finding paydirt on the third effort. The Bulldogs carried away a stunning 14 to 6 halftime lead. Two second half passes by Wellborn proved to be the margin of victory for them with a final score of 27 to 14.

Outstanding players were: William Waldrep, Joe Ballard, Andy Whitehead, Glenn Garner, Bob Cofield, Larry Gilchrist, Tommy Howell, Bill Reid, and Roy Mullendore.

Varsity Baseball

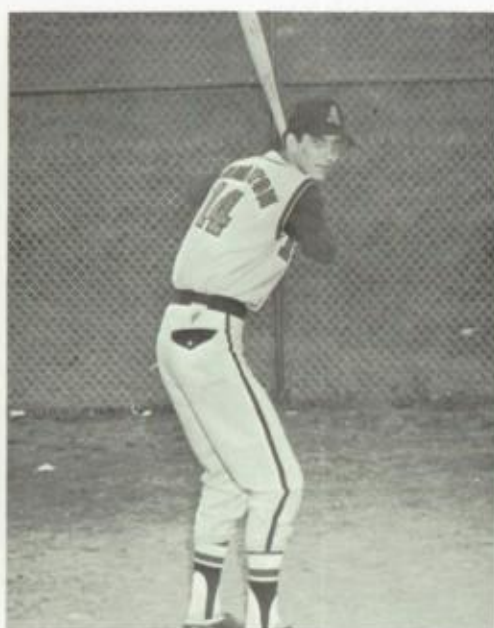

The baseball team of 1967 had a disappointing year after being Northeastern Alabama Champions the year before. In spite of several injuries, and several mistakes, Coach Baker pulled the Bulldogs through a 6-9 season.

The team of 1968 has high hopes in the form of Coach Murray Tremble. Coach Tremble is trying his best to improve baseball at A. H. S.

Returning stars include: David Barr, Bruce Ramey, Gary Waddell, Larry Gilchrist, Darrell Morrison, Sammy Sprayberry, Guy Horton, Billy Almon, Jack Carr, Jimmy Whatley, Ronny Ramey, and Glenn Hurd.

Track

Last year was a very successful year for the Anniston High School track team. With a perfect season of five wins and no losses, the track team was something to be praised. The "Cindermen" won the NEAC, District, County, and Sectional meets hands down. The team also held many dual meets with surrounding schools and walked, or rather ran, away with them also.

This year the new track coach, Coach Brown, is expecting a re-run of last year's performances. With many of the starting team coming back and also the addition of the ninth grade, it looks as if the team is off to a fine start.

Our physical education program at Anniston High School is one which is well-planned and well-organized. It includes activities for both play and exercise. This program is one which teaches activities that have a good carry-over value into adult life. From the program, the girls obtain a knowledge and a reasonable mastery of a large number of games. From this knowledge they may be intelligent spectators and can participate for their own pleasure.

Activities included in the program are physical fitness, gymnastics, square dancing, social dancing, soccer, archery, volleyball, and badminton.

Physical fitness tests are given at the beginning of each six weeks to determine whether each girl is above or below average according to the national scale.

Education

During each activity special emphasis is placed on good health habits, attitudes, sportsmanship, and fair play for all. It also offers exercise, competition, and recreation for each physical education student.

This year Anniston High School was represented in volleyball by a selected group of girls. They won first in the Fourth District Volleyball Tournament and in turn represented their district in the state tournament at Montevallo. These girls are: BACK ROW: Vicki Traina, Sheron McClellen, Babs Zinn, Becky Ford, Deb Montgomery, Nancy Morris, FRONT ROW: Wanda Swain, Sarah Thompson, Diane Werkeley, Robin Williamson.

Student Council

The Student Council is the representative body through which the students and faculty work together to further the improvement of our school. The Council, consisting of representatives from each class and five officers, has accomplished much this year. At the beginning of the school year, student handbooks and ID cards were distributed to all of the students. Almost all of the Homecoming activities are under the Council's direction. They also sponsor the Who's Who dance, the Student-Faculty Basketball Game, and the annual signing party. They assist in the planning of the assembly programs, Council and class elections, and they decorate the lunchroom at Christmas.

The preparation of a weekly report informs the students on school matters, and it gives the students a chance to express their ideas. This exchange and direction of ideas is of vital importance to our school.

Come on fellows, it can't be that bad!

The "A" Club is an athletic club in which all members must have lettered in one or more major sports. The "A" Club has several annual events which it sponsors, such as the Homecoming Dance, Twirp Season, and Lettermen's Banquet. The "A" Club also helps the Booster Club every year in its Christmas Parade candy apple sale and the Pancake sale. The "A" Club's purpose is to extend better sportsmanship and create a better athletic understanding.

Home Economics Club

The Home Economics Club helps students to become better homemakers, by using the motto, "As our girlhood is, so shall our womanhood be." Throughout the year guest speakers brought programs on subjects such as appearance, poise, beautification of the home, good nutrition and proper dress. Each year the home economics students give a social function for the Parent-Teacher Association, faculty, parents of the girls, or other students. The club's sponsor is Miss Patricia Prater.

The Key Club is a very successful service club, sponsored by the Kiwanis Club and affiliated with Key Club International. It has a total membership of forty boys, chosen by a popular vote among the members. For the past two years we have taken as our first project, a doughnut sale and the profits go to the Hour Glass. This year, in addition to the doughnut sale, there have been various other projects such as: a contribution to the Gilbert Adams Scholarship Fund and a project to aid needy children at Christmas. We had our annual slave day sale again this year and it was as successful as last year's. We feel that this was a most prosperous year for the club.

THE ANNISTON HIGH BAND

The Anniston High School Bulldog Marching Band paraded on the gridiron this year preceded by an aura of brilliantly clad majorettes and flagswingers.

An interesting addition to the band in '67 was the precision drill color guard. The color guard received a certificate of meritorious commendation at the Tri-State Marching Festival in Chattanooga, Tennessee this fall.

Two trophies in superior ratings were won by the band in the Tri-State and Southern Conference marching festivals.

The highest achievement of the band for 1968 is the coveted invitation to attend the annual Cherry Blossom Festival at Washington, D.C.

The Anniston High School Robed Choir is composed of select voices of members of the student body and is directed by Mr. L. P. Jackson. Soon after school began the choir had their fall program. They had a Christmas Cantata and also sat around the Christmas tree and sang carols with the student body. The choir participated in the annual Easter Sunrise Service. In the spring they went to the district and state contest and gave a musical along with the Drama, Band, and Art Department. The choir performed for the last time at Baccalaureate Service.

The organization of the V. I. E. Club was originated to promote an on-the-job training program while the student was still in school. This gives the student a chance to be experienced and trained in the job field in which he is most interested.

During the past year we have sold megaphones and tie pins and held a rummage sale as our school project for the year 1967-68 to help build up the V. I. E. library.

The V. I. E. co-ordinator and the employer work together to give the student the best possible training in his chosen field.

The Future Secretaries of America is designed for those girls interested in a secretarial career. The FSA is sponsored by the National Secretaries Association. During the year, speakers bring programs about the various responsibilities of a secretary and the important part she plays in the business world. Monthly night meetings are held at various places of interest. Some of our activities include touring the Anniston Army Depot, Post Office, and the Business Education Department of Jacksonville University.

This isn't Egypt, girls.

The Distributive d u c a t i o n C l u b

The D.E. Club is made up of members of the Distributive Educational classes. Only members of the junior and senior classes are eligible. The An-niston High chapter is affiliated with the state and national associations of Distributive Education Clubs of America. The club's objective is the develop-ment of future leaders in marketing and distribution.

Jr. Red Cross Club

The Junior Red Cross Club is made up of the people who are interested in serving the public. It also has some members who are interested in going into medicine later on in life. The main purpose of the Junior Red Cross Club is to help others in all ways. The members of the club try to make favors for the patients as well as visit the patients at Anniston Nursing Home.

The Junior Red Cross Club has many activities. Last year for the first time in Anniston, seven girls from the club were capped and pinned as volunteers. We are continuing this year with another group of volunteers.

The purpose of the Spanish Club is to create and to develop an understanding and appreciation of Spanish-speaking countries.

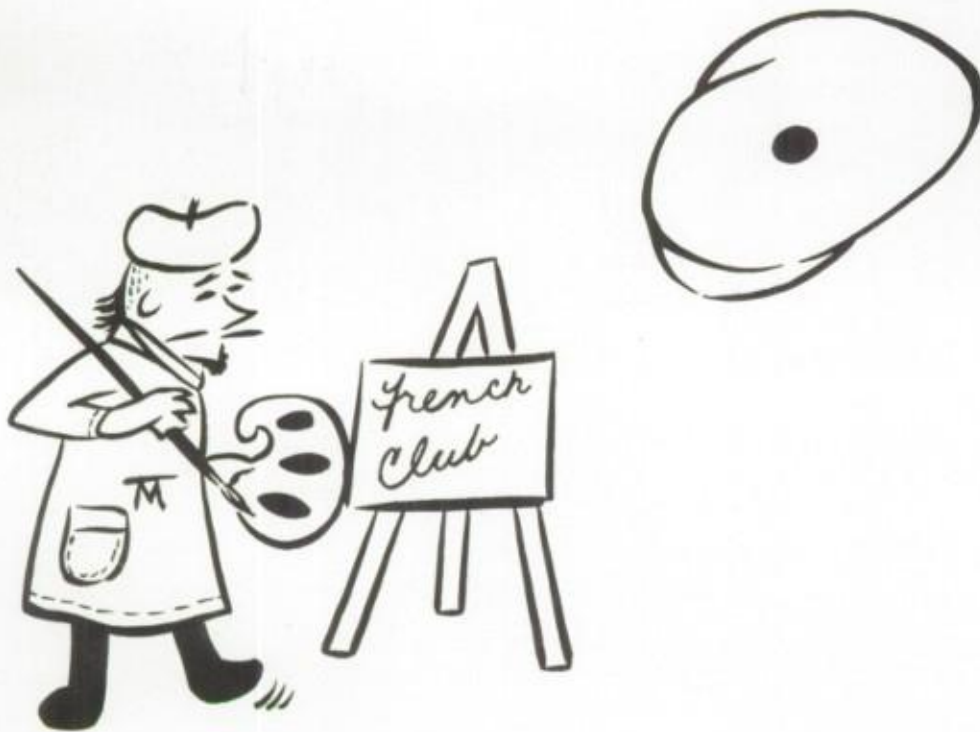

The club consists of about twenty-two members who are taking at least one year of Spanish.

The club had a money-raising project each semester. Mrs. Slate is the sponsor.

French Club

The French Club members include students of all grades who have had at least one year of that language. The club had two socials and several fund raising projects. The programs given during the past year included films, a taste of French foods, and a speaker from the International House at Jacksonville State University. In March the club sent members to participate in the State French Club's Convention at the University of Alabama in Tuscaloosa.

Hi-Y

This year the Lucille Cleveland Hi-Y promised to be the best ever. The year got started with the annual covered dish supper for the new members and it was a big success.

The girls looked forward to winning the basketball and volleyball tournaments as they had done in the two previous years. Other events promised to include a spend-the-night party at the YMCA, and the annual Christmas party for underprivileged children.

Each member is indeed proud to be a "Lucille Cleveland Girl." The club is under the directorship of Mrs. Helen Jones.

What are you doing, Claude, catching flies?

Mary Huger

The Mary Huger Hi-Y Chapter began the year with a covered dish supper to welcome its new members. The girls participated in the Christmas party for needy children, sale of mints for World Service, Hi-Y basketball and volleyball, and the RESOTAC program. Many interesting discussions were held during the year. Mary Huger girls attended State Youth in Government and the Hi-Y Convention in Tuscaloosa. The club ended a successful year with the annual picnic and the installation of new officers.

The Virginia Ordway chapter has kept its name as a hard-working chapter this year. At the beginning of the year, a covered dish supper was held at our president's house. This is a tradition of the chapter which enables everyone to get acquainted with the new members. The members also participated in the girls Hi-Y basketball league, the sale of World Service mints, the Christmas party for underprivileged children, and state youth in government. The chapter also took part in the Resotac program, where each chapter provides food and clothing for an orphan. This year, the chapter had many interesting programs. They included talks on etiquette and morals, fashion shows, and several different speakers. As usual, the "V.O." girls had much fun and a successful year.

George Neely Hi-Y

Those peace-loving Pitmongers!

Once again the Pitmongers' Annual International Dinner was a smashing success. The Neely boys have been on the stick doing good deeds for the school and surrounding communities of the Model City.

Pitmongers participated in the Hi-Y basketball games and the annual Christmas party for underprivileged children.

George Neely, now as in the past, promotes social and community learning, as well as good clean fun.

John J. Nash Hi-Y

Throughout the past year the members of the John J. Nash Hi-Y Chapter have worked hard to have the best club possible. They were active in all parts of Hi-Y work and participated in the various projects, such as World Service, the Christmas Party for underprivileged children, and the Hi-Y conferences.

Many good programs on varying subjects were enjoyed by the members of John J. Nash Hi-Y during the year. In addition, the club held several interesting projects which helped to raise money for the club.

Smiling Contest of the Freshman Officers

1967 Freshman Homecoming Float

First Period Freshman Civics Class

Did you lose something,
Miss Tarver?

You must be kidding!

Editor's Letter

There are so many memories that make up the past year, and so many experiences which go into producing a yearbook that space would not permit us to recapture or to thank all who had a part in the sum total of the 1968 HOUR GLASS. I, as editor, want to express a special "thank you" to the seniors who helped us raise money for this yearbook through the magazine sales, to the clubs for their generous donations, and to the students, the administration, and the faculty who have helped to make this yearbook possible.

Much gratitude must be directed to our advisor, Mrs. Peggy Truitt, for her assistance and advice in many situations concerning finance, photography, and general yearbook development.

To the staff, I extend a personal "thank you" for their excellent help in the production of the yearbook. Special thanks should be extended to the Taylor Publishing Company and their representative, Mr. Jim Robbins.

This year's HOUR GLASS is a tribute to the year which has passed, to the events which have transpired, and to those who have moved on. It is also a tribute to the new dawn of A.H.S. in its growth and development.

May I at this time, as a closing remark, express my gratitude to those who gave me the opportunity to assume the position as editor of the 1968 HOUR GLASS.

Ann Mintz
